KEY FEATURES / UNIQUE SELLING POINTS (USP)

SLIDING HYPERFOCUS™

The sliding Hyperfocus™ optical system collects the LED radiance and distributes it with maximum efficiency from a perfect round floodlight beam to a highly intensive, long range spot beam. Just slide the head of the lamp for the correct light setting.

WATER RESISTANT - IPX4

The V3air is rated IPX4, which means it is water resistant. Use the V3air in all weather conditions without having to worry about your light.

SOFT FOAM PAD

The soft foam pad on the back of the lamp head gives you extra comfort on the forehead. You no longer have to worry about a sore forehead, when wearing the headlamp for longer periods of time.

ELECTRONIC DIMMING

With our Intelligent Light Control and electronic dimming you can get just the right light output you need for a given situation. Dim the light stepless from 160 down to 6 lumens simply by holding a button.

LIGHTWEIGHT BATTERY PACK

The V3air is equipped with a minimized battery pack containing 3XAAA Alkaline batteries. The minimum weight on the back of your head gives you maximum freedom in your everyday work.

SPLIT HEADBAND

The special split headband is designed to give you extra comfort and the silicone stripes secures an extra hold on your head or helmet. The split headband is easily and quickly adjusted with a simple pull.

LIGHT CURVE AND RUNTIMES
