## PACKAGING

# 400 LUMENS

## SPECIFICATIONS

## WHAT'S IN THE BOX

TORCH

POUCH

STRAP

BATTERIES

ANTI ROLL RING

MANUAL

## UNIQUE SELLING POINTS (USP)

### TACTICAL TAIL CAP

The tactical tail cap is carefully shaped so that it can be used to break light surfaces. You will also be able to use it for self-defense.

### DIMMING + MEMORY

The new electronic task switch combined with our new dimming control, offer simple and stepless power adjustment from 400 down to 8 lumens. It memorizes the last used light output and upon one single click it activates maximum power again.

### 3 BATTERIES VS. 4 BATTERIES

The Q4defend is using 3xAAA alkaline batteries but has the same performance as most torches using 4xAAA alkaline batteries. In daily life this means that you and the environment save a battery each time you would have to change batteries, without compromising performance
