# SINGLE DISPLAY

FOR  
TABLE-TOP  
OR WALL

## SUPRABEAM Single Display

With the new Single Display you can mount the torches of your choice and get product information signs accordingly.

Just choose which torches you want to display and you will get a single display for each product.

You can mount the display on a shop wall with the magnets mounted on the back or just place it on top of a counter as a table-top display.

A very flexible and space saving way of displaying and letting potential customers try the REAL LIGHT of a SUPRABEAM torch.

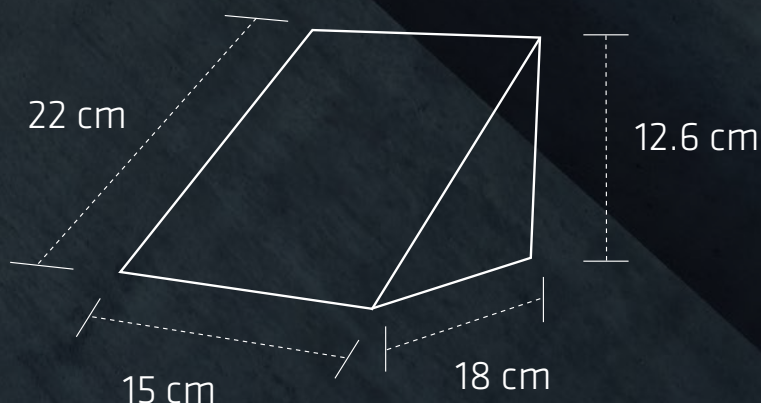

## PRODUCT INFORMATION SIGNS

Product information signs give a quick overview of product specifications: Lumens, weight, light angle, beam distance, battery type and highlighted features.

### The SUPRABEAM Single Display contains:

- 1 Single Display
- 1 Product information sign
- 1 Snapper

## DIMENSIONS

### SMART MOUNTING

With a mesh of magnets on the back of the display, it is easy to mount on any magnetic surface.

# SHOP WALL DISPLAY

## EXTENDED WALL DISPLAY

The EXTENDED WALL DISPLAY offers an attraction on top of the product mount part and increases visibility. It creates greatness still being an affordable display solution.

## COMPACT WALL DISPLAY

The COMPACT WALL DISPLAY is designed for central shop placement with reduced height. It offers a valuable display solution using a minimum of space.

## SUPRABEAM Shop Wall Display

Our new shop wall display solutions offers an attractive and professional presentation.

They are very easily mounted by our smart magnetic fit feet.

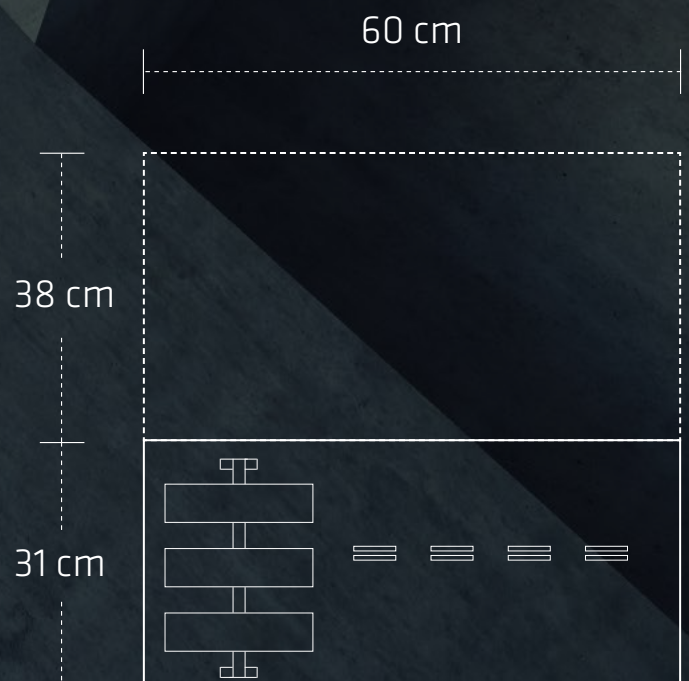

The acrylic torch holders are test and antitheft system in one.

Choose your preferred 4 torches and 3 headlamps from Suprabeam and choose either to go with EXTENDED or COMPACT.

### The SUPRABEAM Shop Wall Display contains:

- 1 Product Wall Display with sign plates
- 4 Anti-theft torch holders
- 2 Wall mounts with tube
- 3 Headlamp discs
- Only EXTENDED: Top plate with print

## DIMENSIONS

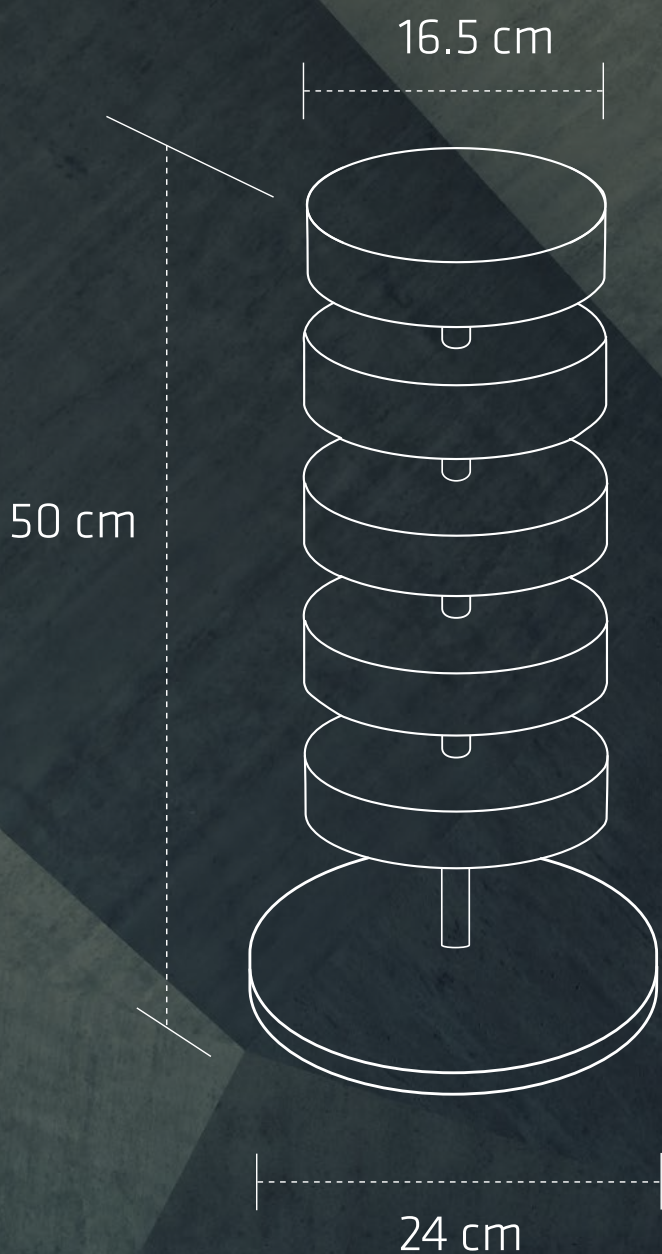

# TABLE TOP HEADLAMP DISPLAY

## DIMENSIONS
