

We will run a Facebook competition on **one** V3pro rechargeable from June 18 until July 2, and if you would like to do the same here is how:

In the .zip folder you will find an image for the post, a short explanatory text and a picture of how the post should look once on Facebook.

Use the image and the text provided to create the competition post on your Facebook Business site. Feel free to change or translate the text, just remember to include the following:

1. A disclaimer saying that the contest is not associated with Facebook in any way.
2. A precise end date and time.
3. How many prizes you will be giving away.

We do not supply products for this competition.

If you have any questions, please contact us at: kristian.dalsgaard@suprabeam.com
